Under 35 U.S.C. § 271(e)(2), Par has infringed at least one claim of the '955 patent by submitting, or causing to be submitted to the FDA, ANDA No. 211742 seeking approval for the commercial marketing of Par's generic efinaconazole topical solution before the expiration date of the '955 patent.

110. Upon information and belief, Par's generic efinaconazole topical solution will, if approved and marketed, infringe, either literally or under the doctrine of equivalents, at least one claim of the '955 patent.
